

Part B MOE & CEIS Data Notes

2012-13 Reporting Year

This document provides information or data notes on the ways in which states collected and reported data differently from the Office of Special Education Programs (OSEP) data formats and instructions. In addition, the data notes provide explanations of substantial changes or other changes that data users may find notable or of interest in the data from the previous year.

Alabama

Actual reduction taken by LEAs was rounded to the nearest dollar.

Based on the designated LEA determinations of Needs Assistance in FFY 2011 (SY 2011-2012), Baldwin County was allowed to reduce under Part B IDEA MOE provision in error. It should be noted, in review of financial documents, Baldwin County met MOE before implementing reduction under Part B IDEA MOE.

The LEA, Vestavia Hills City, denied their allocation for section 619 funds during FFY 2012 (SY 2012-2013).

The LEAs, Chickasaw City and Satsuma City, were newly established systems during FFY 2012 (SY 2012-2013), and therefore had no allocations for section 611 during FFY 2011 (SY 2011-2012).

Based on the designated LEA determination of Needs Assistance in FFY 2011 (SY 2011-2012), one LEA was allowed to reduce and exceeded the 50% reduction under the Part B IDEA MOE provision in error. It should be noted that in review of financial documents, that specific LEA met MOE before implementing reduction under Part B IDEA MOE.

Alaska

Mount Edgecumbe High School, NCESID 200006, is a high school program only and does not receive 619 funds.

American Samoa

American Samoa does not receive 619 funds.

Arizona

Arizona determined that the following LEAs that were identified as "NA" were not eligible to have a determination during FFY 2011-12.

One LEA was required to reserve 15% for CEIS also voluntarily used up to 15% for CEIS. The discrepancy is due to a data entry error.

Arkansas

1. Students in the following school districts were served with required carryover funds. No new funds were allocated: DECATUR SCHOOL DISTRICT and FAYETTEVILLE SCHOOL DISTRICT.

2. HAAS Hall Charter School does not operate a special education program and does not receive IDEA 611 or 619 funds. Therefore, they do not have an allocation or APR determination.

3. The following two state agencies in Arkansas do not make determinations: Department of Human Services Division of Youth Services (DYS), and Arkansas Department of Corrections.

4. The following schools were not in operation for the year in which the determinations were made: SIATech Charter School and Pine Bluff Lighthouse Charter.

5. The following State operated programs does not receive separate early childhood special education funding: AR SCHOOL FOR THE BLIND and AR SCHOOL FOR THE DEAF DDS.

6. The following schools do not receive early childhood special education funding; the funding is based on their district of residence. BENTON COUNTY SCHOOL OF ARTS ACADEMICS, PLUS CHARTER SCHOOL, IMBODEN CHARTER SCHOOL DIST, KIPP DELTA COLLEGE PREP SCHOOL , LISA ACADEMY CHARTER SCHOOL, ARKANSAS VIRTUAL CHARTER SCHOOL, ESTEM ELEMENTARY CHARTER PUBLIC SCHOOL, ESTEM MIDDLE CHARTER PUBLIC SCHOOL, COVENANT KEEPERS ESTEM HIGH CHARTER PUBLIC SCHOOL, LISA ACADEMY, NLR JACKSONVILLE LIGHT HOUSE CHARTER SCHOOL, and LITTLE ROCK PREPARATORY ACADEMY CHARTER.

California

In California, Special Education Funds are granted to Special Education Local Plan Areas (SELPAs). The SELPAs allocate funds to their member districts. Most SELPAs administer the preschool program for their member districts. That is the reason districts are reporting No Value for Preschool 619.

In California, we require LEAs that are significantly disproportionate to develop a Significant Disproportionate Plan which must be approved by their local board. Districts entered zero in D2 because they spent the fiscal year developing the plan and submitted to the local board. Each of these districts intends to serve students in SY 2013-14.

In California, we allocate funds in whole dollars and the amount LEAs set-aside for CEIS is in whole numbers.

Colorado

The Southwest BOCES (800252) merged with the San Juan BOCES (800253) in FFY 2010.

The Department of Corrections (800230), the Division of Youth Services (800232) and the Colorado Mental Health Institute at Pueblo (800259) do not serve preschool children.

The Colorado Department of Education (CDE) issues local levels of determination annually for the Administrative Units and two of the State-Operated Programs. As required, the CDE uses the same criteria when issuing local levels of determination as the U.S. Department of Education, Office of Special Education Programs (OSEP), uses when making state-level determinations. Specifically CDE uses compliance indicators 9, 10, 11, 12, 13, 15, and 20 when making determinations.

The mission of the Colorado Mental Health Institute in Pueblo (800259) is to psychopharmacologically stabilize children in order to place them somewhere else. Therefore, Colorado has decided to not issue determinations to the Colorado Mental Health Institute in Pueblo for the following reasons:

- Student count in these facilities is extremely small, and data are not statistically significant. There are on average fewer than 15 children in the facility at any given time, and not all children placed there are in special education.

MOE CEIS Data Notes

- Length of stay is approximately 10 days at these facilities and therefore there is not significant time for the special education staff to evaluate eligibility (indicators 9, 10, and 11).
- Neither of these institutions takes students who are 3 years old, and therefore indicator 12 is not applicable.

Colorado has decided to not issue determinations to the Department of Corrections (DOC 800230) for the following reasons:

- Student count in this facility varies throughout the year, but generally the child count is relatively small and not statistically significant. Colorado's child count date is December 1 annually. A typical child count for students with disabilities within the DOC on December 1 was 56 students.
- DOC does not have a child find obligation, therefore indicators 9, 10, and 11 are not applicable. Students come to DOC with an individualized education program (IEP) or they do not have one.
- DOC does not serve students who are transitioning from Part C to Part B, and therefore indicator 12 is not applicable.
- 34 CFR §300.324(d) provides that certain requirements do not apply to children with disabilities who are convicted as adults under state law and incarcerated in adult prisons, including the requirements in §300.320(b) (relating to transition planning and transition services) for those who age out before they are eligible to be released from prison. Therefore, indicator 13 is not a relevant factor for the DOC.

The CDE holds these State-Operated Programs accountable for implementing state and federal special education law through a variety of ways, including data collection, desk audits, and monitoring activities.

Connecticut

Secondary school districts received no 619 funds for the two reporting years.

Delaware

Some LEA's may not have reported values for FFY 2011 and/or FFY 2012 619 allocations (A3A and A3B) because they did not receive 619 funding.

Federated States of Micronesia

The Federated States of Micronesia has a unitary system and only receives 611 funds. FSM is not required to determine significant disproportionality that would trigger required CEIS because unitary systems are not required to take any action with respect to paragraphs (b)(2) and (b)(3) of sec. 300.646.

MOE CEIS Data Notes

Florida

Several districts (Bradford and Flagler) provided CEIS voluntarily or required during 2011-12 also reported students receiving CEIS during 2012-13, the second year for which funds were available. A new district was added, Florida Virtual School, during 2012-13 receiving Part B funds only.

For 2012-13, Florida Virtual was the only new LEA. Florida Virtual is eligible for Part B funds ONLY. LEA determination for Florida Virtual for 11-12/12-13 was “not applicable.” There were no new schools reported for 2012-13 with 619 funds.

Georgia

Students in the following LEAs received CEIS with carry over funds from the prior year: DOUGHERTY COUNTY (1301830) and LAURENS COUNTY (1301890).

All state and commissioned charters operating as Local Educational Agencies (LEAs) received determinations based on data from the 2012 -2013 school year (FFY12). These determinations were issued in the 2013-2014 school year (FFY13) and will be included in the next Maintenance of Effort and Coordinated Early Intervening Services Data reporting cycle.

A determination was not issued for Heritage Preparatory Academy. This charter school was not operational during the 2013-2014 school year.

While some state agencies, such as the Department of Labor and the Department of Behavioral Health and Developmental Disabilities, do serve students with disabilities for discreet periods of time; these agencies are not regarded as LEAs

Guam

Guam Department of Education, Division of Special Education is a unitary school system and does not receive LEA/ESA allocations for Section 619.

Indiana

FFY 2011 and/or FFY 2012 619 allocations were not reported for LEAs that do not have preschool programs. The LEAs that received no determinations (B2) were not in operation when the determination that controls MOE reduction was made. No 611 allocations were reported for FFY 2011 for LEAs that were not in operation to receive Part B 611 funds in FFY 2011.

Iowa

In cases where a determination was not provided, the LEA represents a state-operated program where the Department of Education does not have data on and does not provide determinations for.

No local district in Iowa receives Section 619 funding, only Intermediate Education Units (Area Education Agencies).

MOE CEIS Data Notes

The total Part B Flow through (State Total) is \$105,989,039 for the FFY 2011 (2011-12). That total doesn't change. The changes in amounts and number of districts were the result of mergers that occurred (16 districts into 8 districts 7/1/11) and (6 into 3 on 7/1/12). The individual districts and dollars were merged into the new district. At least one of those caused a change in two AEAs amounts. The 2011 listing had the premerged districts and the 2012 deleted the old district that merged into the one left in the list. Lineville-Clio merged into Wayne CSD and disappeared from the list.

Kentucky

KDE uses whole dollar amounts when determining the 15% of the IDEA Allocation that must be reserved for CEIS for those districts required to implement CEIS.

Christian County Schools, NCESID 2101150, was required to use funds from FFY 2011 for CEIS, but opted not to implement CEIS programming until FY 2012-2013.

Kentucky School for the Blind (NCESID 2100094) did not receive any allocations for Section 619 because it does not serve preschool students.

Louisiana

Explanation of Warning Messages: A5<>C2B If there is an amount in C2B, there is a slight difference due to additional decimal places in A5 Or If C2B is 0, then the LEA was not significantly disproportionate and was not required to reserve 15%

FFY 2011 and/or FFY 2012 619 allocations were not reported for an LEA because it was ineligible to receive 619 funds.

Although LA's application protocols required these LEAs to reserve 15%, some LEAs were incorrectly labeled as being significantly disproportionate. These LEAs were not reported with a reason for significant disproportionality (C2A.1, C2A.2, C2A.3, and C2A.4).

The LEA with no FFY 2011 611 allocation opened in 2012-2013 and had no allocation in 2011-2012.

The LEA with no determination opened in 2011-2012. LA does not have an LEA determination for an LEA in its first year of operation.

Maine

Most of the LEAs with NA reported for FFY 2011 allocations were newly-added SAUs for FFY2012 reporting. In all other cases, the allocation in question was 0 either because the SAU had no preschool population (as with NCESID 2306780 and 2308500) or because the SAU had no students (as with NCESID 2307440).

Marshall Islands

The Republic of the Marshall Islands does not receive 619 funds. Therefore, the correct value for A3A is zero. And since this has always been the case, by default, A3B is also zero.

MOE CEIS Data Notes

Maryland

The SEED School of Maryland is a State residential middle/high school, grades 6-10, for at-risk youth. The school is assigned a local school system number for Title I purposes, but results are collected and reported in the Maryland Report Card as a school, not as a local school system.

Massachusetts

Districts without 3-5 year olds did not receive allocations.

Michigan

Under column B2- determinations, LEAs that received an NA were newly opened. The LEAs did not have data that corresponded to the appropriate data years, 2011-2012 in order for the department to issue a determination. The NA is appropriate and the LEAs will have a determination for the following year.

Minnesota

Some LEAs that did not reserve 15% for required CEIS due to an increase in the state award amount for Part B Section 611 funds in State Fiscal Year 2013 in the amount of \$35,043.00. The Minnesota Department of Education allocated those additional funds to the LEAS.

MN rounds up to the nearest dollar when reporting the amount of funds reserved for CEIS. Any differences between auto-calculate figures and the actual amount reserved was a results of rounding.

In situation where funds were voluntarily reserved for CEIS but no students were reported as receiving CEIS, the districts used the CEIS budget for staff development. Districts can be involved in initiatives that involve the planning phase of tiered models of intervention such as Response to Intervention (RtI) and Positive Behavioral Intervention.

No FFY 2011 and/or FFY 2012 619 allocations were reported for LEAs that did not have a school program that spans the age range of children ages 3-5 and did not receive section 619 funds.

No FFY 2011 and/or FFY 2012 611 allocations were reported for LEAs in the following situations:

- 1) LEA's that have declined funds in FFY 2011 or 2012
- 2) LEA's with small enrollments, small allocations

No FFY 2011 611 or 619 allocations were reported for new LEAs.

Mississippi

Coahoma Co AHS and Forrest County Ag High School LEAs do not have preschool populations and therefore do not have 619 allocations.

MOE CEIS Data Notes

Pearl River Co School District failed to reserve the required 15% CEIS funds in SY 2012-13. The SEA issued a finding of noncompliance to the LEA. The LEA has completed all corrective actions that were indicated by the State in its notification of finding of noncompliance.

Missouri

The 611 allocations for the following districts in St. Louis County are allocated to the Special School District of St. Louis County: Clayton, Ferguson-Florissant, Hazelwood, Kirkwood, Mehlville, Pattonville, Rockwood and University City.

The FFY 2011 allocations were not reported for Crossroads Academy of Kansas City and Academy for Integrated Arts because they are charter schools that opened in 2012-13 and therefore had no 2011-12 allocations. Additionally, these charters schools do not receive 619 allocations.

Montana

The LEAs that did not report 619 allocations are high school districts that did not receive any 619 funds, as they do not serve that age group.

Nebraska

The warnings on our file are due to district populations being too small to generate any funding and due to rounding of dollar amounts.

The FFY2012 CEIS amounts reported in column C3B included an amount from the previous FFY2011 district grant allocation.

In addition to the calculated CEIS share (maximum 15%) of the FFY2012 grant district allocation, the reported district amount included the related CEIS share (maximum 15%) of restored funding of the FFY2011 grant that became available to the state of Nebraska in February 2012. The total amount of reinstated FFY2011 funds for Nebraska was \$698,520 from which a district allocation and related CEIS amount was calculated and available for the remaining grant period.

The corrected CEIS amounts for only the FFY2012 grant year are being reported in a revised submission on 8/13/2014.

New Hampshire

LEAs that have a zero reported for FFY 2011 and FFY 2012 619 allocations in columns A3A and A3B do not have eligible preschoolers.

New Jersey

The differences between the auto-calculated 15% of FFY 2012 allocations (column A5) and the amount reserved for CEIS (columns C2B and C3B) are due to NJ rounding to the nearest dollar.

MOE CEIS Data Notes

The districts that did not report FFY 2011 or FFY 2012 619 allocations are not eligible for 619 funds (e.g., Vocational schools, High Schools, etc.).

The districts that did not report FFY 2011 611 allocations were not eligible in SY 2011-12, but became eligible in 2012-13.

The districts that did not report FFY 2011 611 and 619 allocations and did not report FFY 2011 and FFY 2012 619 allocations were new charter schools that were not in existence in SY 2011-12 and not eligible for 619 funds in SY 2012-13.

New Mexico

LEAs that did not have FFY 2011 and/or FFY 2012 619 allocations had no preschool students.

LEAs that did not have FFY 2011 allocations and/or determinations were in their preparation year.

New York

The differences between the auto-calculated 15% of FFY 2012 allocations (column A5) and the amount reserved for CEIS (columns C2B and C3B) are due to rounding.

D2 should have a value when C2A = Yes;

The districts that failed to identify students receiving CEIS under IDEA are being required to identify these students as part of 2013-14 reporting.

For the district that reported providing CEIS services to students but did not receive funds for CEIS, these students received CEIS under IDEA while previously enrolled in a different district.

The districts that did not report FFY 2011 and/or FFY 2012 619 allocations did not serve students ages 3-5 in FFY 2011 and/or FFY 2012.

North Carolina

For LEAs that did not report FFY 2011 and/or FFY 2012 allocations, Charter Schools do not receive preschool (Section 619) funds.

The differences between the auto-calculated 15% of FFY 2012 allocations (column A5) and the amount reserved for CEIS (columns C2B and C3B) are due to NC rounding to the nearest dollar.

LEAs that reported providing CEIS to students but did not reserve funds for CEIS used carryover funding from previous school years to assist students with CEIS.

The LEAs that did not report determinations were brand new charter schools for the 12-13 school year. They have no Determination under 34 CFR 300.600(a)(2) because they were not yet open.

Northern Marianas

The Northern Marianas CNMI Public School System is a unitary system; there are no separate LEAs or ESEAs. Our state does not receive Section 619 funds.

Ohio

Many of Ohio's LEAs are community schools. In these schools' data, the user will seldom see 619 allocation.

Oklahoma

LEAs that did not report FFY 2011 or FFY 2012 611 allocations did not receive 611 allocations, because the school was not operational during one of those years.

Districts that did not report FFY 2011 and/or FFY 2012 619 allocations did not receive 619 funds because the school was not operational or did not have students enrolled who were aged 3-5.

SEA added almost \$7,000,000.00 of IDEA Admin funds to the sequestered 611 funds. The SEA chose to absorb the funding cut to prevent hardship on LEAs providing services to students. This created a difference in total SEA and LEA allocations.

Oregon

Oregon Department of Education receives no allocations for 611 or 619 funds unless it is for a program listed below. ODE YCEP District does not serve 5 year olds, and receives no allocation for section 619. ODE JDEP District does not serve 5 year olds, and receives no allocation for section 619. Harney County

MOE CEIS Data Notes

Union High does not serve any 5 year olds, and receives no allocation for section 619. Double O School District refused their IDEA funds. Frenchglen School District refused their IDEA funds. Pine Creek School District refused their IDEA funds. Suntext School District refused their IDEA funds. Oregon Department of Corrections does not serve 5 year olds, and receives no allocation for section 619.

Dollar amounts for 619 funds for LEAs receiving less than 100 dollars is accurate. In Oregon, children who are age 3 – 5 attend our ECSE programs. When students reach the age of 5 as of Sept 1, they start kindergarten. School districts or LEAs only receive a portion of the 619 funds for 5 year olds who are of school age. The majority of the 619 funds go to the ECSE programs where students are being served.

Republic of Palau

Republic of Palau does not receive Section 619 funds.

South Carolina

In 2012, MARION COUNTY SCHOOL DISTRICT is a newly formed LEA which previously consisted of three separate LEAs (Flagged for Addition). In 2012, LEAs 4502850, 4502880, and 4500012 consolidated to form MARION COUNTY SCHOOL DISTRICT (Flagged for Removal). There are no funds allocated for 611 or 619 in 2011 for the newly formed MARION COUNTY SCHOOL DISTRICT in 2012.

LEAs 4503720, 4503690, and MARION COUNTY SCHOOL DISTRICT were not in existence to be assigned determinations in 2010-11.

LEAs 4502850, 4502880, and 4500012 that received 611 and 619 funds in 2011 were flagged for removal in 2012 file as they consolidated to form MARION COUNTY SCHOOL DISTRICT in 2012. The 611 and 619 funds for these three LEAs were included in the 2011 data (4502850, 4502880, and 4500012). Once these LEAs are removed the total allocations will differ between submission years 2011 and 2012.

LEAs 4500001, 4500003, 4500004, 4503420, 4503903, 4503904 and 4503906 are State Operated Programs whose populations do not include students of preschool age and therefore do not receive 619 funds.
